

# SKYTOPIA

**An AI-powered Entertainment Network State**

The background of the slide is a vibrant, colorful illustration of a futuristic city built on a floating island. The city features a variety of architectural styles, including tall skyscrapers, a prominent red tower with a spiral design, and a large yellow sphere. A small, round, metallic object is seen flying through the sky. The overall scene is set against a bright blue sky with soft, white clouds. The city itself is a mix of modern and fantastical elements, with a mix of colors like red, yellow, blue, and green. The city is built on a floating island, and the surrounding area is a mix of greenery and urban development. The city is a mix of modern and fantastical elements, with a mix of colors like red, yellow, blue, and green. The city is built on a floating island, and the surrounding area is a mix of greenery and urban development. The city is a mix of modern and fantastical elements, with a mix of colors like red, yellow, blue, and green.
